# BREITENER SNOWSHOE HIKING WEEKS

**In winter (from Christmas until Easter) we offer snowshoeing. In addition to the usually half-day hikes with experienced hiking guides there will be enough time to enjoy the spa facilities of the Salina Maris.**

## Riederhorn

We start the week with a walk up to the Riederhorn (2230 m). With the cable car we reach Riederalp. From there we walk over the ‚Herrenweg‘ (way of the gentlemen). We are rewarded with a fantastic panoramic view from the Aletschhorn to the Matterhorn. Back we walk along the historical ‚Villa Casasel,‘. Walking time approximately 3½ hours

## „Rhonequelle“ in Goms

Through the picturesque Goms valley we drive to Oberwald (1368 m). Along the Snowshoe trail we climb gently up to the restaurant Rhonequelle (1559 m). On the descent we follow the course of the young river Rhone. On the way back we will visit the famous churches in Münster and Reckingen. Walking time 3 ½ hours

## Bettmerhorn – Riederalp

In view of the Bernese and Valais Alps we walk along the the Great Aletsch glacier. We start on top of the Bettmerhorn (2647 m), are walking past the Blausee down to the Riederalp. Hiking time 3 hrs

## Aletsch Forest – Riederfurka

We descend from the Moosfluh to the 11,000 year old moraine and experience the enchanted Aletsch forest in the UNESCO world heritage ‚Alp Swiss‘. Knotty pine and larch trees line the road high above the lon-

gest glacier of Europe. One of the best snowshoe hikes in the Alps! About 3 hours
